

JUNE 2020

**KMAP GENERAL BULLETIN 20135**

## **Tamsulosin® Gender Edit Update**

Effective with processing date on and after June 26, 2020, retroactive to March 1, 2020 service date, the gender edit for Tamsulosin® will be removed. Tamsulosin® can be used for ureteral calculi expulsion in both males and females.

**Note:** The effective date of the policy is March 1, 2020. The implementation of State policy by the KanCare managed care organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The KanCare Open Claims Resolution Log on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates, once the policy is implemented.
