Effective with dates of service on and after October 1, 2020, Kansas Medicaid will allow Non-Emergency Medical Transportation (NEMT) services for beneficiaries going to a Methadone clinic for coverage of Opioid Treatment Programs (OTP) and Opioid Use Disorder (OUD) as required in the Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment for Patients and Communities (SUPPORT Act).

All requirements (including prior authorization) as outlined in current/related policies will apply.

**Note:** The effective date of the policy is October 1, 2020. The implementation of State policy by the KanCare managed care organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The **KanCare Open Claims Resolution Log** on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates, once the policy is implemented.
