

AUGUST 2020

## KMAP GENERAL BULLETIN 20181

# Brain Injury Replacing Traumatic Brain Injury Waiver

Centers for Medicare and Medicaid Services (CMS) granted approval for Kansas to refer to this program as Brain Injury (BI) replacing the Traumatic Brain Injury (TBI) Waiver effective December 31, 2019. All Kansas Medical Assistance Program (KMAP) manuals with Traumatic Brain Injury references have been updated to reflect this change. Fee for service members whom qualify for BI services may continue to see a reference to “traumatic” brain injury until all systems are updated to remove this reference.

**Note:** The effective date of the policy is December 31, 2019. The implementation of State policy by the KanCare managed care organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The KanCare Open Claims Resolution Log on the KMAP Bulletins page documents the MCO system status for policy implementation and any associated reprocessing completion dates, once the policy is implemented.
