KMAP GENERAL BULLETIN 20218

Enhanced Care Services May Be Agency Directed

Enhanced Care Services (ECS) on the Home and Community Based Services (HCBS) Frail Elderly (FE) waiver program is permissible to be performed by agency directed providers. Kansas Department for Aging and Disability Services (KDADS) considers this service to be one where the member may choose to utilize agency direction to receive this service from an agency employee or direct the service themselves through participant/self-directed method.

Providers outside of Financial Management Service (FMS) willing to render this service can enroll and utilize specialty 513 in the Provider Wizard enrollment system. The specialty code remains available to FMS providers for the self-directed ECS delivery option.

In support of claims and encounter processing, an update is required to the allowable taxonomy for provider specialty 513 ECS. The taxonomy of 3747P1801X, personal care attendant, should be the primary taxonomy.

Providers should complete their applications on the KMAP website. Providers can contact KMAP Provider Enrollment at 1.800.933.6593, option 3, with questions or concerns.

Note: The effective date of the policy is March 12, 2020. The implementation of State policy by the KanCare managed care organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The KanCare Open Claims Resolution Log on the KMAP Bulletins page documents the MCO system status for policy implementation and any associated reprocessing completion dates, once the policy is implemented.
