KMAP GENERAL BULLETIN 21063

CLIA Monitoring for MCOs on Laboratory Claims

Effective with dates of service on and after July 1, 2021, the KanCare Managed Care Organizations (MCOs) will require providers to submit the Clinical Laboratory Improvement Amendment (CLIA) number on laboratory claims in accordance with current CLIA regulations.

Note: The effective date of the policy is July 1, 2021. The implementation of State policy by the KanCare Managed Care Organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The **KanCare Open Claims Resolution Log** on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates, once the policy is implemented.
