

JULY 2021

**KMAP GENERAL BULLETIN 21129**

## **Coverage of MenACW-TT (Menquadfi) Vaccine**

Effective with dates of service on and after May 1, 2021, HCPCS code 90619 has been approved for children 2 years through 18 years of age.

Coverage of this vaccine for adults 19 years of age and over will be provided when this vaccine is added to the Centers for Disease Control (CDC) Private Vaccine Price List.

**Note:** The effective date of the policy is May 1, 2021. The implementation of State policy by the KanCare Managed Care Organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The **KanCare Open Claims Resolution Log** on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates, once the policy is implemented.
