

DECEMBER 2021

KMAP GENERAL BULLETIN 21226

Pediatric COVID-19 Vaccine Coverage

Effective with dates of service on and after October 27, 2021, the Food and Drug Administration (FDA) Emergency Use Authorization (EUA) approval, and the Centers for Disease Control (CDC) approval on November 2, 2021, the Pfizer COVID-19 vaccine has been approved for children 5-11 years of age with the following codes:

91307	0071A	0072A
-------	-------	-------

Due to EUA status, this is not approved for Vaccines for Children (VFC).

Note: The effective date of the policy is October 27, 2021. The implementation of State policy by the KanCare managed care organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The **KanCare Open Claims Resolution Log** on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates once the policy is implemented.
