

DECEMBER 2021

KMAP GENERAL BULLETIN 21261

COVID-19 Booster Vaccine Update

Effective with dates of service on and after December 9, 2021, the Food and Drug Administration (FDA) and Centers for Disease and Control (CDC) have approved Emergency Use Authorization (EUA) for booster doses of the Pfizer COVID-19 vaccine. The following booster dose administration codes are for ages 16 and older:

Third Dose	0003A
Booster Dose	0004A

The current standard Medicaid vaccine administration rate of \$40.00 will be used for the first, second, third and/or booster administration of the vaccine.

Correct coding guidelines, Food and Drug Administration (FDA), and Centers for Disease Control (CDC) recommendations must be followed. View the CDC recommendations [here](#).

Note: The effective date of the policy is December 9, 2021. The implementation of State policy by the KanCare managed care organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The **KanCare Open Claims Resolution Log** on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates once the policy is implemented.
