KMAP GENERAL BULLETIN 22046

MS-DRG Revisions for 2022

The April 2022 revised Medicare Severity Diagnosis-Related (MS-DRG) Grouper version 39 implementation will be delayed for processing fee-for-service (FFS) inpatient claims. Affected claims will be identified and reprocessed. An updated bulletin will be posted once the implementation date has been determined.

Note: The effective date of the policy is April 1, 2022. The implementation of State policy by the KanCare managed care organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The **KanCare Open Claims Resolution Log** on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates once the policy is implemented.
