

APRIL 2024

## KMAP GENERAL BULLETIN 24039

# Documentation for Dressings and Supplies

Effective with dates of service on and after May 1, 2024, providers may bill wound care dressings and supplies in the amount and frequency as medically necessary to promote effective wound healing in accordance with best practices. Medical necessity for more frequent change of dressings must be documented in the medical record and available upon request.

**Note:** The effective date of the policy is May 1, 2024. The implementation of State policy by the KanCare Managed Care Organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The **KanCare Open Claims Resolution Log** on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates once the policy is implemented.
