KMAP GENERAL BULLETIN 24047

Code B9998 to be Manually Priced

Effective with dates of service on and after May 1, 2024, enteral supplies that do not have an assigned code may be covered under B9998 (not otherwise classified enteral supplies). Procedure code B9998 requires prior authorization (PA) for all ages. Enteral supplies that have an assigned HCPCS code must be requested under the appropriate code.

Code B9998 will be manually priced. The manual pricing methodology for enteral nutrition products and supplies is provider cost plus 35% based off the invoice price.

Note: The effective date of the policy is May 1, 2024. The implementation of State policy by the KanCare Managed Care Organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The **KanCare Open Claims Resolution Log** on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates once the policy is implemented.
