

AUGUST 2024

KMAP GENERAL BULLETIN 24151

Vaccine Administration for VFC Vaccines

The Kansas Medical Assistance Program (KMAP) clarifies that the vaccine administration codes 90471 and 90472 can be used for Vaccines for Children (VFC) vaccine administration.

Providers should submit code 90460 if vaccine counseling was provided or submit codes 90471 and 90472 (when applicable) if vaccine counseling was not provided. The reimbursement rate for vaccines provided through the VFC program is the same as code 90460, and the current rate is \$20.26.

Note: The implementation of State policy by the KanCare managed care organizations (MCOs) may vary. The KanCare Open Claims Resolution Log on the KMAP Bulletins page documents the MCO system status for policy implementation and any associated reprocessing completion dates, once the policy is implemented.
