## **Provider Application Fee Change - 2025**

Per the Centers for Medicare and Medicaid Services (CMS) final rule 6028-F, state Medicaid programs must collect an application fee for new provider applications, re-enrollments (revalidations), and reactivation.

The following providers are exempt from the application fee:

- Individual providers, non-physician practitioners, or groups.
- Providers who are enrolled with Medicare.
- Providers who paid the application fee to either Medicare or another state Medicaid plan.
- Applicable provider types indicated in the matrix on page 2 of this bulletin.

The application fee for 2025 will be \$730. Payment must be made in the form of check or money order to the State of Kansas – Medicaid. This amount will go into effect for any application received on and after January 1, 2025.

The enrollment fee must be paid for each provider type. The matrix on the following page indicates the application fee requirements by provider type.

**Note:** To waive the application fee, enrollment with or payment to Medicare must be verified through the Provider, Enrollment, Chain and Ownership System (PECOS) by the fiscal agent.

If an application fee is required and the appropriate payment is not included or is not in an acceptable format, the paperwork will be returned to the provider requesting proper payment.

The application fee will not be refunded in the event the application or revalidation is denied.

**Note:** The effective date of the policy is January 1, 2025. The implementation of State policy by the KanCare Managed Care Organizations (MCOs) may vary from the date noted in the KMAP bulletins. The **KanCare Open Claims Resolution Log** on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates once the policy is implemented.
