Opticians Allowed to Enroll as a Facility

Effective with dates of service on or after February 18, 2025, Provider Type 19 (Optician) will be allowed to enroll as a Facility, which allows opticians to provide eyewear without being affiliated with a provider that also performs eye exams.

The enrollment requirements and billing guidelines remain the same for opticians.

Note: The effective date of the policy is February 18, 2025. The **KanCare Open Claims Resolution Log** on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates once the policy is implemented.
