

MARCH 2025

KMAP GENERAL BULLETIN 25055

**Reminder:
Medicaid Payor of Last Resort**

Medicaid is Payor of Last Resort. As a result, Third-Party Liability (TPL), including Medicare, is required to be accessed prior to claim submission to Medicaid. As a Medicaid provider, it is your responsibility to be aware of changes to service coverage and/or allowed provider types.

As an example, Medicare has recently changed allowed provider types for enrollment, which now would be subject to TPL requirements. The two Notes regarding provider types have been removed from the **TPL Non-Covered List** (“Medicare” section) published on the KMAP Public Page under [Provider Interactive Tools](#).
