## **CCI Editing in MMIS**

The Kansas MMIS includes Correct Coding Initiative (CCI) edits. The purpose of CCI editing is to ensure the most comprehensive groups of codes are billed rather than the component parts. These CCI edits apply to claims submitted from the same provider for an individual beneficiary for the same date of service.

Information about the Kansas Medical Assistance Program as well as provider manuals and other publications are on the KMAP Web site at <https://www.kmap-state-ks.us>. For the changes resulting from this provider bulletin, select the *General Introduction Provider Manual*, page 1-7.

For a hard copy of the revised manual pages, send an e-mail to [publications@ksxix.hcg.eds.com](mailto:publications@ksxix.hcg.eds.com) or mail a request to:  
Publications Coordinator,  
3600 SW Topeka Blvd, Suite 204  
Topeka, KS 66611

Specify the bulletin by number, provider type and date, and include your mailing address with a specified individual or office if possible.
