NCPDP E1 Transaction

The Kansas Medical Assistance Program (KMAP) is transitioning to a new processing and payment system called the Kansas Modular Medicaid System (KMMS) on April 4, 2022.

KMAP is deferring the implementation of the NCPDP E1 transaction until after April 4, 2022, due to an identified issue. It was determined the impact of this issue would be limited in scope, and the following methods are available to pharmacy providers for determining eligibility of a KMAP member until the issue is resolved.

1. Access the Provider Secure Portal directly for the information
2. Submit the claim and receive a denial with a code explaining the reason

An updated notification will be distributed once the NCPDP E1 transaction is implemented and ready for use.
