

KMAP GENERAL BULLETIN 24232

UPDATED - High Dollar Rare Disease Drug List Q3 2024 Update

The following drugs are covered on the Managed Care Organization (MCO) High Dollar Rare Disease Drug List. The reimbursement for some high dollar rare disease drugs will be based on actual acquisition cost plus a handling fee.

Procedure code 99199 and modifier U1 will be utilized for reimbursement for the handling fee of drugs that are a one-time treatment and reimbursed a one-time amount of \$250.00. Procedure code 99199 and modifier U3 will be used to bill for reimbursement of the handling fee for all other drugs listed in the table below and reimbursed at \$50.00 for each administration of the drug. Prior Authorization (PA) will still be required, along with the purchasing invoice for the drug billed. There will be no additional payment for these services.

High dollar rare disease drugs are to be billed as outpatient by the facility and will not be content of service. An exception to the inpatient/outpatient claims edits for same day billing will be allowed for these drugs. Payment for these drugs should be allowed outside of inpatient hospital reimbursement.
