

## **Interested in faster claims payment at no cost?**

***Electronic claims submission is the answer!***

- |               |  |
|---------------|--|
| <b>Fast</b>   | Claims are processed in seconds, not days.   |
| <b>Free</b>   | EDS offers two free solutions that will result in immediate postage cost savings over mailing paper claims.  |
| <b>Easy</b>   | No additional software is needed, and no special enrollment is required for KMAP providers. If you have Windows 98 or newer with Internet Explorer 6, you can begin immediately. |
| <b>Secure</b> | All transactions are submitted through the KMAP secured Web site using SSL 3.0 encryption.   |

### ***What are my options?***

- ***Kansas Medical Assistance Program Web Site***

Use your Internet connection to submit claims directly through the KMAP secured Web site. You can file claim submissions, corrections, and adjustments – all from the same Web page – and get an immediate response telling you whether your claim is paid or denied. You can even access claim, eligibility, and prior authorization status at the click of a button!

- ***EDS' Provider Electronic Solutions***

The Provider Electronic Solutions (PES) batch billing software allows you to enter claims while not connected to the Internet and submit all of your claims at the same time. Claims submitted with PES can be viewed on the KMAP Web site within a couple of hours. You can even submit claim status or eligibility requests to save time.

- ***Fee-Based Services***

Many clearinghouses and other vendors offer fee-based software and services to submit your claims to KMAP. A list of vendors that support the KMAP system is located on the Bulletins page of the KMAP Web site at <https://www.kmap-state-ks.us> (keyword = clearinghouse).

### ***How do I sign up?***

Contact the KMAP Customer Service Center for more information at 1-800-933-6593, option 3, or visit the KMAP Web site at <https://www.kmap-state-ks.us> and select EDI Overview.
